

## Growth That's Grounded in Service

Incorporated in 1985, Raw Materials Corporation (RMC) is a customer-first, family-owned wholesale distributor for the Specialty Chemicals Market. Since our inception, we have maintained a strong position in the coatings, adhesives, sealants, and elastomers (CASE) industries. We utilize the unique business drivers of our global supply chain by providing reputable specialty products, technical expertise, and responsive service to the different industries we serve.

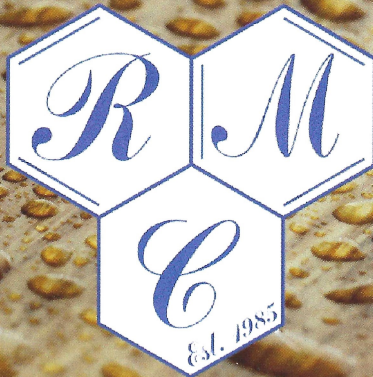

RMC's customer base primarily covers Texas, Oklahoma, Louisiana, and Arkansas. We operate out of 2 privately leased sales offices & warehouses that are perfectly positioned to service our customers within our territory. Through our customers, products are utilized in formulations or further distribution to be sold worldwide.

## Expect Personal Attention

Our staff of highly-trained professionals ensures that you consistently receive the support you need, when you need it.

## Benefit from Continuous Improvement

RMC is committed to achieving health, safety, and security through continuous improvement in chemical storage, handling, transportation and disposal. In addition, involvement in key organizations, such as the Houston and Dallas Societies of Coatings Technology and Adhesive and Sealant Council ensures we stay informed on the latest industry trends and developments.

## ADDITIVES & COLORANTS

- Acid Chlorides
- Aluminum Paste
- Aqueous Dispersions
- Biocides & Mildewcides
- Cellulosic & Polymeric Thickeners
- Defoamers
- Dispersants
- Diutan Gum
- Driers
- Dyes
- Fixers
- Heat Stabilizers
- In-Can Preservatives
- Metallic Stearates: Calcium, Zinc & Aluminum
- Oils
- Pigment Dispersions
- Plasticizers & Superplasticizers
- Polycarboxylates
- Polyolefins
- PVC Additives & Lubricants
- Redispersible Powder (VAE)
- Silicone Based Additives
- Sodium Metasilicate
- Synthetic & Natural Iron Oxides: Granular-Micronized, Carbon Black & Chrome Green
- Thickeners
- Titanium Dioxide
- Waxes

## MINERALS & FILLERS

- Anhydrite
- ATH
- Calcium Carbonate
- Cristobalite
- Diatomaceous Earth (DE)
- Engineered Mineral Fibers
- Feldspar
- Kaolin Clay: Calcined & Water-Washed
- Lime Hydrate & Limestone
- Mica
- Perlite
- Silica: Flour & Fused Flour
- Specialized Clays
- Wollastonite

## RESINS & BINDERS

- Acrylic Polymers & Copolymers
- Acrylic Thickeners & Dispersants
- Alkyd Resins
- Amino Resins
- Curing Agents
- Epoxy Resins
- Gum Rosin Derivatives
- Hydrocarbon Resins (C5 & C9)
- Hydrogenated Hydrocarbon Resins
- Mercaptans
- Novalacs
- Oxazolidines
- Reactive Diluents
- Vinyl Acetate Homopolymers

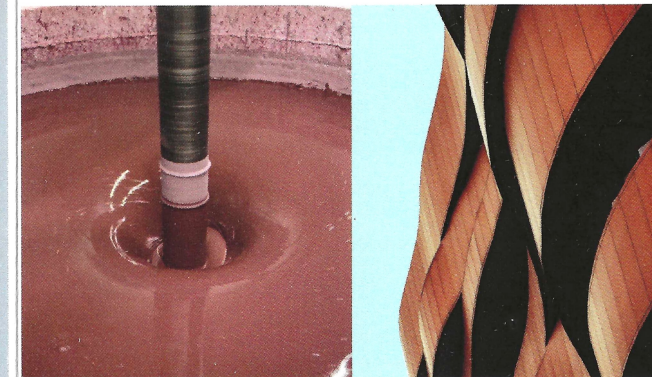

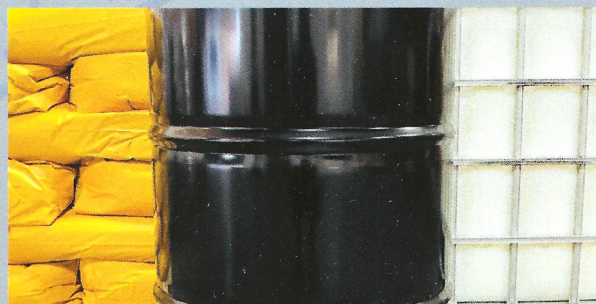

## EQUIPMENT & CONTAINERS

- Filter Cartridges
- Lithographed & Spray Coated Steel Pails (2-6 Gallon)
- Mixers, Dissolvers, & Media Milling Equipment
- Multi-Purpose Cartridges
- Plastic Pails: Utility & UN Certified
- Tinplate Cans

## THIRD-PARTY WAREHOUSING

RMC operates two privately-leased Texas warehouses (Houston & Dallas-Fort Worth), totaling over 60,000 sq ft of warehousing space with hazmat capabilities. RMC Houston provides a hub for importing/exporting shipments through the Port of Houston, and RMC Irving serves as a central stocking location for the West South Central US region.
